SUPPLEMENTARY INFORMATION:

Agenda:

The Groundfish Committee will meet to discuss Framework Adjustment on Acceptable Biological Catches (ABC) Control Rules including a facilitated session with members of the Groundfish Committee, Scientific and Statistical Committee, Groundfish

Plan Development Team, Groundfish and Recreational Advisory Panels, the Risk Policy Working Group, and the public to discuss developing draft goals and objectives for this action that are consistent with National Standard 1, National Standard 1 guidelines and the Council's Risk Policy, followed by a Groundfish Committee session to make recommendations to the Council on possible goals and objectives for the action. They will possibly discuss other 2023 Council priorities for groundfish. Other business will be discussed as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
